Dear Quilting Friends,

As we see the summer coming to an end, we also welcome some cooler weather so that we can get some routine back into our lives. At Pleasant Valley Quilting, we put together some classes that we hope inspire you to come and take a class, or join our awesome clubs we have in the store. This is a wonderful way to meet some new people, while we enjoy our creativity.

In our upcoming Fall class schedule, we have repeated our popular classes and added some new ones. We are also running our favorite clubs, like Absolutely Obsessed Club, Absolutely Scrappy Club, Make it Modern Club, Creative Fibre Play (previously known as Art Quilt Group), Make N' Take Club, Improv Circle & Embroidery Club. Some of the ladies belong to more than one club; a great way to make new friends, sharing our love for Quilting!

Not a day goes by without customer's comments on our wonderful classroom we have in the store. The comments always mention what great lighting, tables, chairs, ironing and cutting stations. Yes we do have all that, but we also have a wonderful line up of instructors that support the great lineup of classes. We are scheduling several Mondays a month for drop in, a non-instructional day to finish projects, or sign up for "Finish it Finally" with Carol Cooney if you need Help! See dates listed in our class schedule.

Joan Statz instructor is coming back from Alix, Alberta to teach the "Appliquilting" class. Joan has created techniques that simplify machine applique that will make the process much simpler than you ever imagined. She has over 100 patterns to choose from for this class. Take this opportunity to take her informative class!

Laurie Turik is coming back to do her "Machine Quilting" class. This is a hands-on class, showing you how to machine quilt your quilt top from start to finish on your own domestic sewing machine. We have set up this class with a week apart in between the two days of class time for practice.

See you on: **Open House & Sale Days ~**
